

IS IT WORTH LEARNING FOREIGN LANGUAGES?

To make new friend
from another
countries

To help me in my
studies, my career

To learn about other
cultures

YES, DEFINITELY

To learn more about
my own family's
heritage

To develop our brain
and expand memory

To travel and be able
to communicate with
local people

TO MAKE NEW FRIENDS FROM ANOTHER COUNTRIES.

Nowadays social media became more common and they have users all over the world. For a lot of us this is perfect opportunity to meet new people from different countries. Obviously you need to learn a foreign language to be able to communicate with them.

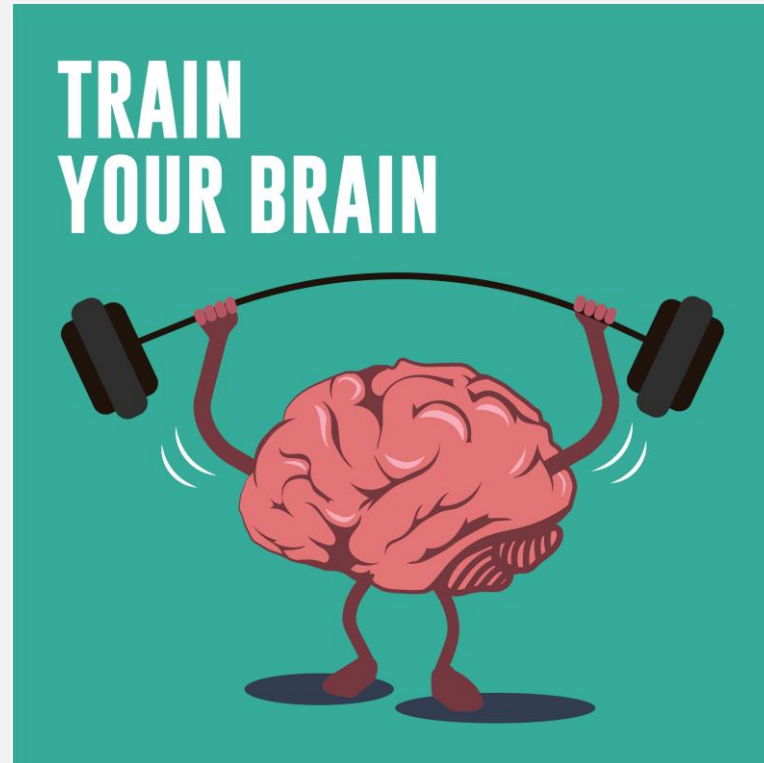

TO HELP ME IN MAY STUDIES, CAREER

Knowing at least 2 languages gives you more prospect in the future. For example encourages you to study abroad . This ability also helps students achieve higher scores. Also most of employers require fluency in foreign languages.

TO DEVELOP OUR BRAIN AND EXPAND MEMORY

Learning new language prevent people from dementia or alzheimer in old age. It also develop yours creativity and multitasking, which is one of the most important and useful ability. You will also become more confident and solve problems easier.

TO LEARN ABOUT OTHER CULTURES

If fascinated in other cultures, you want to know as much as possible about people and their customs. One of the best way to learn more is reading books about them, but you need to know that the translated ones may be difficult to understand, because every language has its own rhetorical terms.

TO TRAVEL AND BE ABLE TO COMMUNICATE WITH LOCAL PEOPLE

If we know foreign languages we can travel around the world and communicate with people we met. Because of this we can know the place better and find the way if we are lost.

TO LEARN MORE ABOUT MY OWN FAMILY'S HERITAGE

Sometimes we have our ancestors from other countries and they don't know our language, so if we can speak foreign languages we can communicate with them and know our family better.
