

# Human migrations

# Immigration is today's problem

I am going to show that this is a fact and not just an opinion.  
it.

I hope that it will be interesting.

# What are human migrations

We have some kinds of migrations:

- labor migration
- migrations because of war
- for healing
- deportation
- refugee
- environment

# Africa

People are leaving Africa because of lack of water. On the two tropics are deserts so it isn't best place to leave.

Tropic of Cancer - 23 degrees 26 minutes North

Tropic of Capricorn- 23 degrees 26 minutes South

There are air circulations.

# Economy of Africa

Africa is the poorest continent in the world so many people want to leave their countries and

# When polish people were was moving to USA

1950-1990

- About 10 mln polish people live in USA today,
- USA was open for other people and
- They needed jobs,
- Repair their economy after the war

# Culture problem

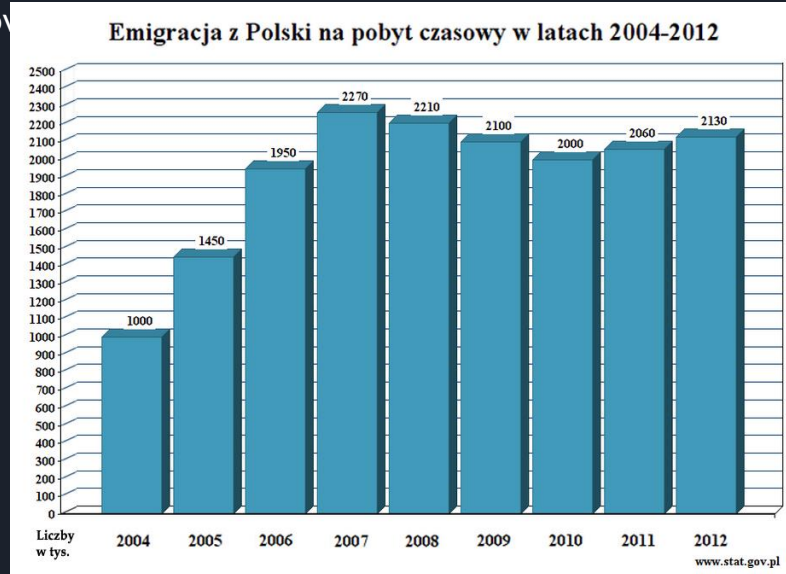

What are the problems of in

- different religion/cult
- tradition
- job
- space to live
- rasizm
- lack of knowledge
- no empathy

# Polish people migrations

Mostly they are moving to European Union because about 88% migrants from Poland. Most of them are moving to...

# Our border crisis

Belarusian immigrants were trying to pass our border

Our government decided in the most important time to do not let reporters go there

Gig fence

Soldiers and police

Not necessary fear because of less informations

Manipulation

# Fear of unknown

It is psychology, people are afraid of unknown so our government should let reportes give some informations to public opinion.

From p...

# Migrations during Second World War

Polish people was migrating to the UK, USA, France even to Africa and more. Most of this country was open for Polish people.

# Danger of illegal migration

Some immigrants from Africa are trying to swim across the sea or ocean to get to the Europe. Smugglers are very expensive and dangerous. Sea currents can drown in one minute a lot of people.

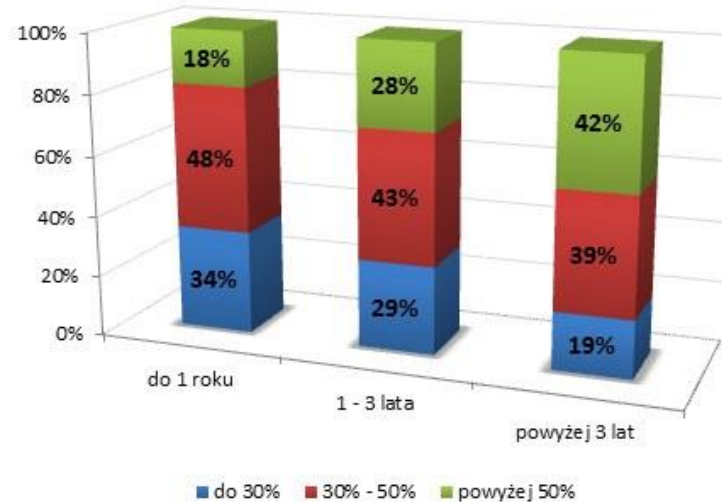

# Europe and immigrants

In 2015 Europe take asylum request about 1.2 million.

Why Europe? On our continent is the highest level of developed countries. Most of them are open for immigrants.

Wykres 1. Procent wynagrodzenia przeznaczony na wydatki związane z życiem za granicą w zależności od długości trwania emigracji w 2012 roku

# How we can help immigrants

We can be a member of charity and give some money to help these people. Usually this money is for medicines or new homes.

Thank you for watching!
