

Nasser Zefzafi – Morocco

Head of Moroccan Government  
Palais Royal – Touarga  
Rabat 10070  
Morocco

Your Excellency!

I call on you to immediately and unconditionally release Nasser Zefzafi and quash his unfair conviction, as he is imprisoned for exercising his right to protest.

Nasser is being held in terrible conditions, causing his health to deteriorate significantly. He is suffering from health conditions including respiratory and eyesight problems and nerve pain.

The prison authorities have denied him the medical care he needs. Pending his release, please ensure that Nasser is protected from torture and other ill-treatment and that he has access to adequate healthcare in prison.

Yours sincerely,
