

# Money investing methods

## MATUESZ SIŁUCH 2A

01

### BANK DEPOSIT

**Pros:**

1. A simple and accessible form of investing
2. A low-risk investment
3. High financial liquidity

**Cons:**

1. Low investment profitability

02

### RENTING AN APARTMENT

**Pros:**

1. Very low risk of capital loss.
2. Possible increase in property value.
3. A constant source of profit (when having tenants)

**Cons:**

1. A big amount of money is needed to buy a property.
2. Necessary knowledge about the real estate market and current regulations.
3. Low financial liquidity.
4. Long – term investment

03

### PURCHASE OF TREASURY BONDS

**Pros:**

1. A big amount of money is not needed.
2. Very high investment security
3. Guaranteed profit
4. High financial liquidity

**Cons:**

1. Long – term investment
2. Profit reduction in the case of earlier sales of bonds

04

### PURCHASE OF AN INVESTMENT FUND

**Pros:**

1. A big amount of money is not needed.
2. High potential rate of return.

**Cons:**

1. Profit is not guaranteed.
2. High risk levels.
